

CHART ROOM

For near on two centuries, we have looked to the stars to navigate sundown seas. Come dark, they shepherded our vessels through inky waters, lighting the way for a million voyages.

It's the allure and splendour of these celestial orbs that influence the Chart Room this evening.

Just like the night sky, the drinks and entertainment you will find emit their own distinctive quality for you to enjoy as we make our way ever-forward across the starlit seas.

Please note that all food & beverage purchases are subject to an 18% service charge. Some of our products may contain allergens. If you have a food allergy, intolerance, or coeliac disease, please inform a member of our staff before placing your order.

When you follow a star you know you
will never reach that star; rather it will
guide you to where you want to go...
So it is with the world. It will only
ever lead you back to yourself.

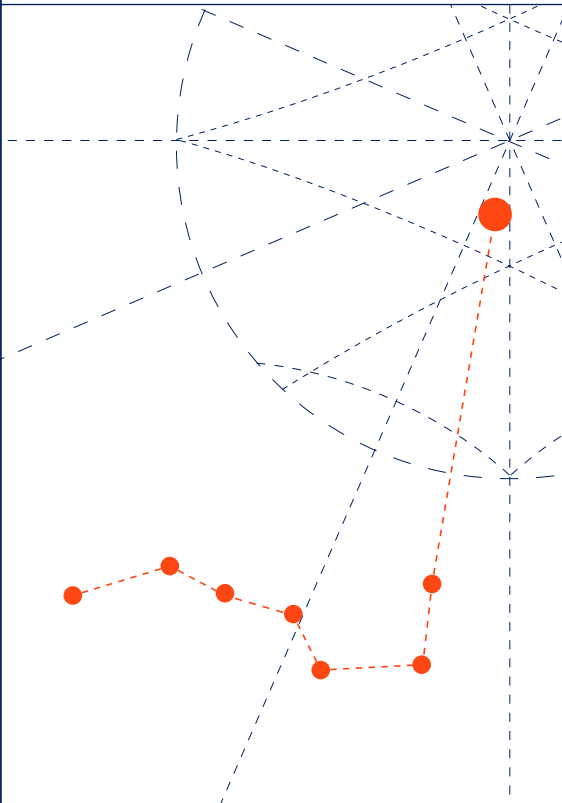

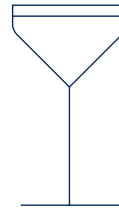

Jeanette Winterson

POLE STAR

— POLARIS —

Inspired by Polaris, the star that has guided sailors for centuries, Pole Star seduces the senses with a luminous blend of silken Italicus Rosolio di Bergamotto, Calabrian bergamot, whispering notes of chamomile and lavender, while gentian adds a subtle, earthy intrigue. Finished with a flash of lime, this radiant cocktail glows with elegance, mystery, and just enough bite to keep you coming back for another sip.

Polaris, commonly known as the North or Pole Star, is the brightest star in the constellation of Ursa Minor.

Watching a coast as it slips by the ship is like thinking about an enigma. There it is before you, smiling, frowning, inviting, grand, mean, insipid, or savage, and always mute with an air of whispering, 'Come and find out'.
